FRANK F. WEDEKIND---APPLIANCES

APPLIANCES TO THE MEDICAL PROFESSION

(SEE PAGE VI)

Essence of Pepsine—*Fairchild*

is, by intention and in fact, physiologically different from the preparations made with dry pepsin. It is obtained from the secreting glands of the fresh gastric mucous membrane by a process which extracts the principles and properties of the gastric juice and presents them in association with all the soluble gastric cell constituents.

Essence of Pepsine—*Fairchild*

is practically an artificial gastric juice, standardized to a definite activity with respect to each of the two well-known gastric enzymes, promptly active in promoting gastric normality, upon which depends the further normal transformation of food into the absorbable form in which it becomes directly contributory to life and energy.

FAIRCHILD BROS. & FOSTER
New York

A "BALKY" LIVER

Like a lazy horse, the liver sometimes refuses to work. It needs the whip of *physiologic stimulation*.

Chologestin

See "New and Non-Official Remedies"

not only encourages hepatic activity, but also checks Intestinal Putrefaction and assists Pancreatic Digestion. It exercises cholagogue, antiseptic and digestive properties, and thus relieves Intestinal Dyspepsia and prevents and relieves Intestinal Auto-Intoxication.

DOSE: One tablespoonful, *well diluted*, after each meal.

Formula, samples and literature upon application.

F. H. STRONG COMPANY, 58 Warren St., New York

Supplied in twelve (12) ounce bottles only.

A. M. A. Principles of Ethics.

"It is equally derogatory to professional character for physicians to dispense or promote the use of secret remedies."

DR. R. E. BERING'S

SANATORIUM

An ETHICAL, HOME-LIKE INSTITUTION for the exclusive care and treatment of Alcohol and Drug Addictions.

Separate building for lady patients, thus assuring absolute privacy. Lady attendant.

ACUTE ALCOHOLICS CARED FOR.

San Francisco.

R. R. ROGERS

STERILIZED TUBES

FOR INTRAMUSCULAR, INTRAVENOUS and SUBCUTANEOUS INJECTION

12 Sterilized Tubes of a given preparation in each box, and price (to physician only) is \$1.50 per box, through your Druggist or from us, postpaid, cash with order.

You give a definite dose in each tube, you know the patient does not "forget" to take it, it never disturbs digestion, it cannot be eliminated without first being absorbed, the results are visibly rapid to both you and your patient, you see your patient frequently and thus help yourself and your patient. Injection is the most common form of treatment in France, Germany and Italy.

MER-CAC-O-DOL
(Mercury Cacodylate Compound)
For Syphilis and Tuberculosis
Also in oz. bottles at \$1.00.

MERCURY BENZOATE
For Syphilis.
Also in oz. bottles at \$1.00.

MERCURY SOZO-IOLOLATE
For Syphilis.
Also in oz. bottles at \$1.00.

MERCURY SALICYLATE
For Syphilis.

GRAY OIL

For Syphilis.

CAMPBORATED OIL

For heart stimulation in collapse and after operations.

IRON CACODYLATE

For Neurasthenia, Hysteria, Tuberculosis, Anemia, Chlorosis, Skin Diseases, Paludism.

QUININE AND UREA CHLORIDE
For Acute and Chronic Malarias.

ATOXYL (ARSACETIN)

For Tuberculosis, Anemias, Skin Diseases, Syphilis, Sleeping Sickness, etc.

SODIUM CACODYLATE

For Neurasthenia, Hysteria, Tuberculosis, Skin Diseases and Paludism.

STROPHANTHIN

For general anasarca and the failing heart of acute diseases like pneumonia.

NEURASTHENIA COMPOUND

For Neurasthenia, other nervous diseases and wasting diseases.

ERGOT

For obstetrical and gynecological work.

CAFFEIN

For stimulation of heart and kidneys.

COCAIN

For local anesthesia in minor operations.

Tuberculins

We offer the following tuberculins to the profession, knowing that they will be found fully equal to any now on the market and that they are accurately standardized.

Our laboratories are open at all times to the inspection of the medical profession, and we shall be pleased to have physicians call that we may explain in detail the process of manufacture of such products as they may be interested in.

DIAGNOSTIC TUBERCULINS.

Tuberculin—(Dilution) for Thermal reaction, 8 c. c. (1 c. c. contains 1 mg.)	\$.75
Tuberculin—Purified (for Calmette's Ophthalmic reaction). 3 Capillary Pipettes, 1 per cent Solution, and Expulsion Bulb, per pkge.	1.00
Tuberculin—Old (Dilution) for Von Pirquet's Cutaneous Reaction. 3 Capillary Pipettes and Expulsion Bulb, per pkge.	1.00
Tuberculin Ointment—(For Moro's Percutaneous Reaction). 5 Capsules (each a test) and Finger Cots, per pkge.	1.00
Detre Differential Test.....	.75

THERAPEUTIC TUBERCULINS.

(Human Strain.)

DR. CASE'S SANITARIUM

FORMERLY "THE DR. PETTEY RETREAT"

© LIMITED TO THE TREATMENT OF ©

ALCOHOL and DRUG ADDICTIONS

I have bought Dr. Pettey's interest in the Sanitarium and will continue to conduct the business on strictly ethical lines. The method of treatment employed is based upon the original investigations of Dr. Geo. E. Pettey of Memphis, Tenn., and first published to the profession by him in 1901. (See Therapeutic Gazette, Oct. 1901.)

This method of treatment removes these addictions from the list of almost incurable diseases and renders them the most certainly and readily curable of the chronic ailments.

Adrenalin in Hay Fever

In the treatment of vasomotor rhinitis—or hay fever, as the disorder is better known—Adrenalin has proved the most satisfactory agent at the command of the practitioner. While not a specific in the strict sense of the word, it controls the symptoms very effectually and secures for the patient a positive degree of comfort.

Solution Adrenalin Chloride and Adrenalin Inhalant

are the preparations most commonly used, being sprayed into the nares and pharynx. The **Solution** should be diluted with four to five times its volume of physiological salt solution. The **Inhalant** (preferred by some physicians because of its oily base, which imparts an emollient effect and renders the astringent action more enduring) should be diluted with three to four times its volume of olive oil. Both are effectively administered by means of our Glaseptic Nebulizer.

Supplied in ounce glass-stoppered bottles.

We also supply Adrenalin Ointment, Adrenalin and Chloretone Ointment, Anesthone Cream (collapsible tubes, with elongated nozzles) and Anesthone Tape, all of which are successfully used in the treatment of hay fever.

THE GLASEPTIC NEBULIZER.

This is confidently believed to be the most practical atomizer ever offered to the medical profession. It combines asepsis, convenience, efficiency and simplicity. It is readily sterilized, the working parts being *one piece of glass*. It produces a fine spray and is suited to oils of all densities, as well as aqueous, spirituous and ethereal liquids. Price, complete (with throat-piece), \$1.25.

Write for our Brochure on Hay Fever.

The TONOLS are true Glycerophosphates—not mere phosphates. The following combinations advantageously replace the bulky, unstable, expensive elixirs and syrups:

Duotonol Tablets

2½ gr. Lime-Tonol, 2½ gr. Soda-Tonol

For the asthenias due to phosphatic impoverishment

Triotonol Tablets

2½ gr. Lime-Tonol, 2½ gr. Soda-Tonol, 1/60 gr. Strychnine-Tonol

For rapid stimulation in severe systemic depression

Quartonol Tablets

2½ gr. Lime-Tonol, 2½ gr. Soda-Tonol, ½ gr. Quinine-Tonol, 1/200 gr. Strychnine-Tonol

For prolonged exhibition, to maintain neurotonization

Sextonol Tablets

2 gr. Lime-Tonol, 2 gr. Soda-Tonol, ½ gr. Iron-Tonol

¼ gr. Manganese-Tonol, ¼ gr. Quinine-Tonol, 1/200 gr. Strychnine-Tonol

For combined nervine, hemogenic and alterative effect

SCHERING & GLATZ - New York

Hay Fever

In the treatment of Hay Fever, Suprarenalin, locally and internally is most highly recommended. Used prior to the annual attack it is often preventive, and in nearly all cases is palliative.

For the convenience of physicians we supply Suprarenalin Solution, 1:1000; Suprarenalin Inhalant, 1:1000; Suprarenalin Ointment, 1:1000; Suprarenalin Triturates, 1/70 grain. Full literature upon request.

Dr. Deimel Underwear
 (LINEN-MESH.)

Boiling water and soap will render this Underwear entirely clean when soiled, just like other linens. A garment which cannot stand boiling water and soap for an hour or longer, is neither clean nor aseptic.

Woolen undergarments and flannels generally do not stand this test. They are never clean, but a hotbed of dirt and disease germs.

In addition to cleanliness, the Dr. Deimel Underwear gives comfort and protection, with relief from colds, catarrh, pulmonary affections and rheumatism.

Lane Hospital Announcement

Lane Hospital has recently been enlarged, renovated, and improved. A story has been added, increasing the capacity to one hundred and seventy-five beds. The operating rooms have been remodeled and a new top-lighted and thoroughly equipped laparotomy room added. The new arrangements increase the convenience and double the capacity of the surgical department, while the same high standard of efficiency in the operating room service will be maintained as in the past.

A Maternity Department has been established, consisting of a number of well-lighted, isolated rooms, in close relation to a completely equipped delivery room.

Two Children's Wards have been opened, and particular attention will be paid to the care and nursing of children.

The Eye and Ear Department has been provided with special wards, special nurses and separate treatment rooms.

The X-Ray Department is located in the new portion of the hospital and has been provided with every convenience for examination, treatment and laboratory work. An entirely new set of the latest and most efficient apparatus has been installed.

Roof Garden. A special feature of the recent addition is a well-protected roof garden where convalescents may enjoy fresh air and sunlight and where patients may be given the benefit of outdoor treatment.

While the Faculty of Cooper Medical College acts as a medical and surgical staff to the hospital, the privileges of the institution are freely open to all regular physicians in good standing. Physicians having patients in Lane Hospital are assured of every professional courtesy.

Communications may be addressed to the resident physician.
